# Full Immersion Experience
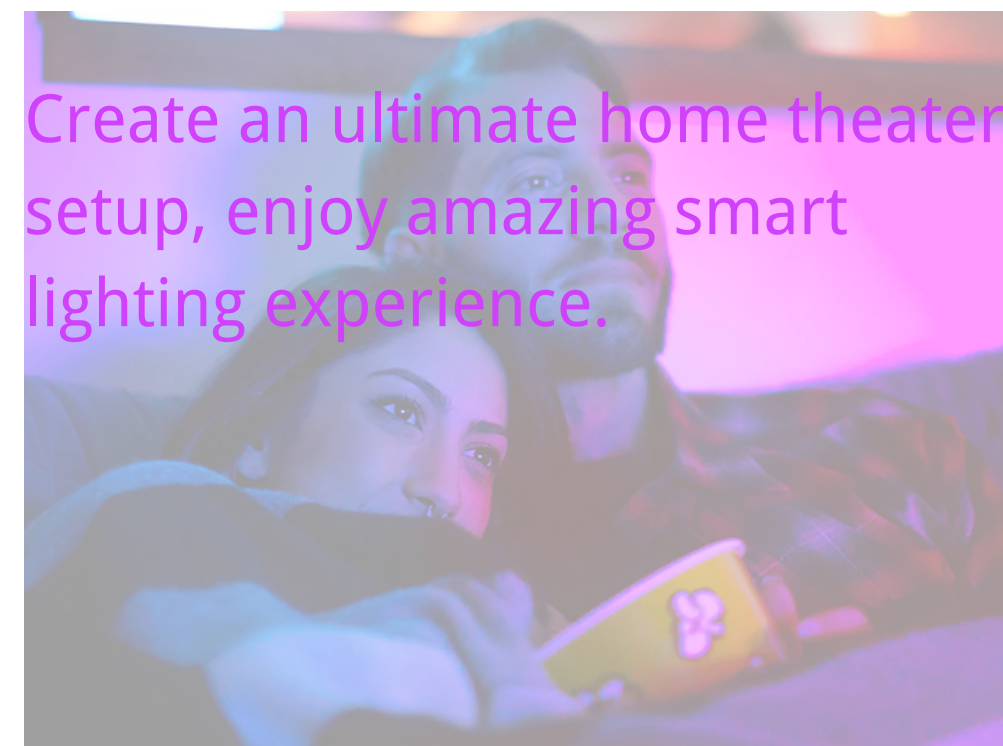

A magic box to let you enjoy immersive experience at home.

Brief Introduction
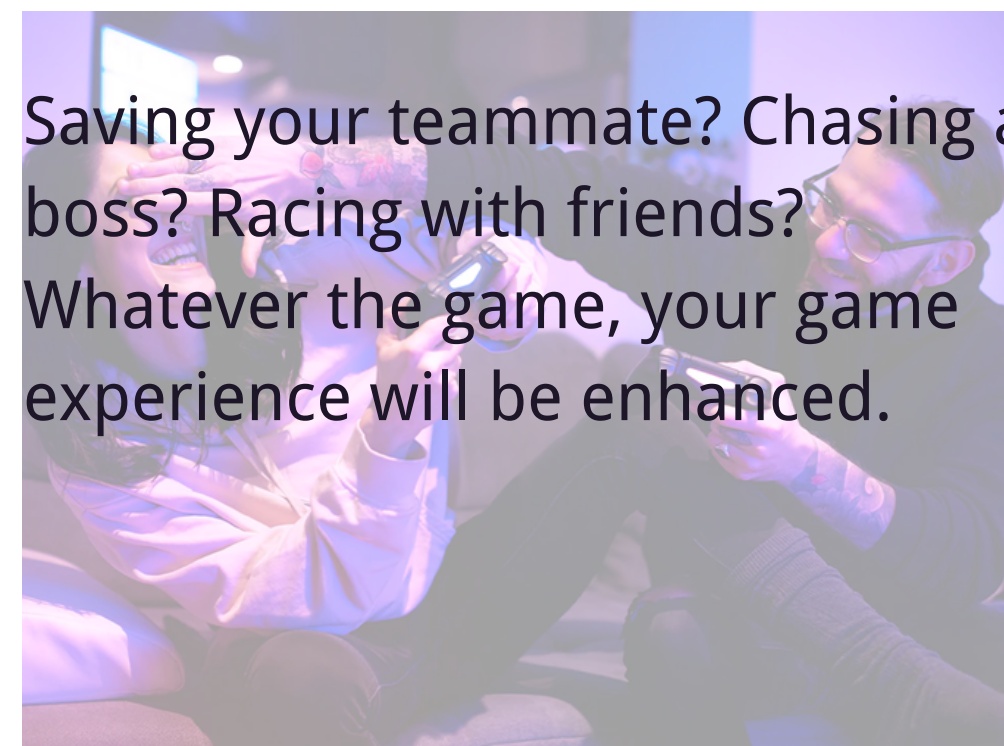

## Upgrade your home theatre

Create an ultimate home theater setup, enjoy amazing smart lighting experience.

Reactive lighting with games

Saving your teammate? Chasing a boss? Racing with friends? Whatever the game, your game experience will be enhanced.

Make your music visual

Sync lights with dynamic sounds, enhance your musical experience.

Two Packs

Standard Pack (Glue lightstrip)
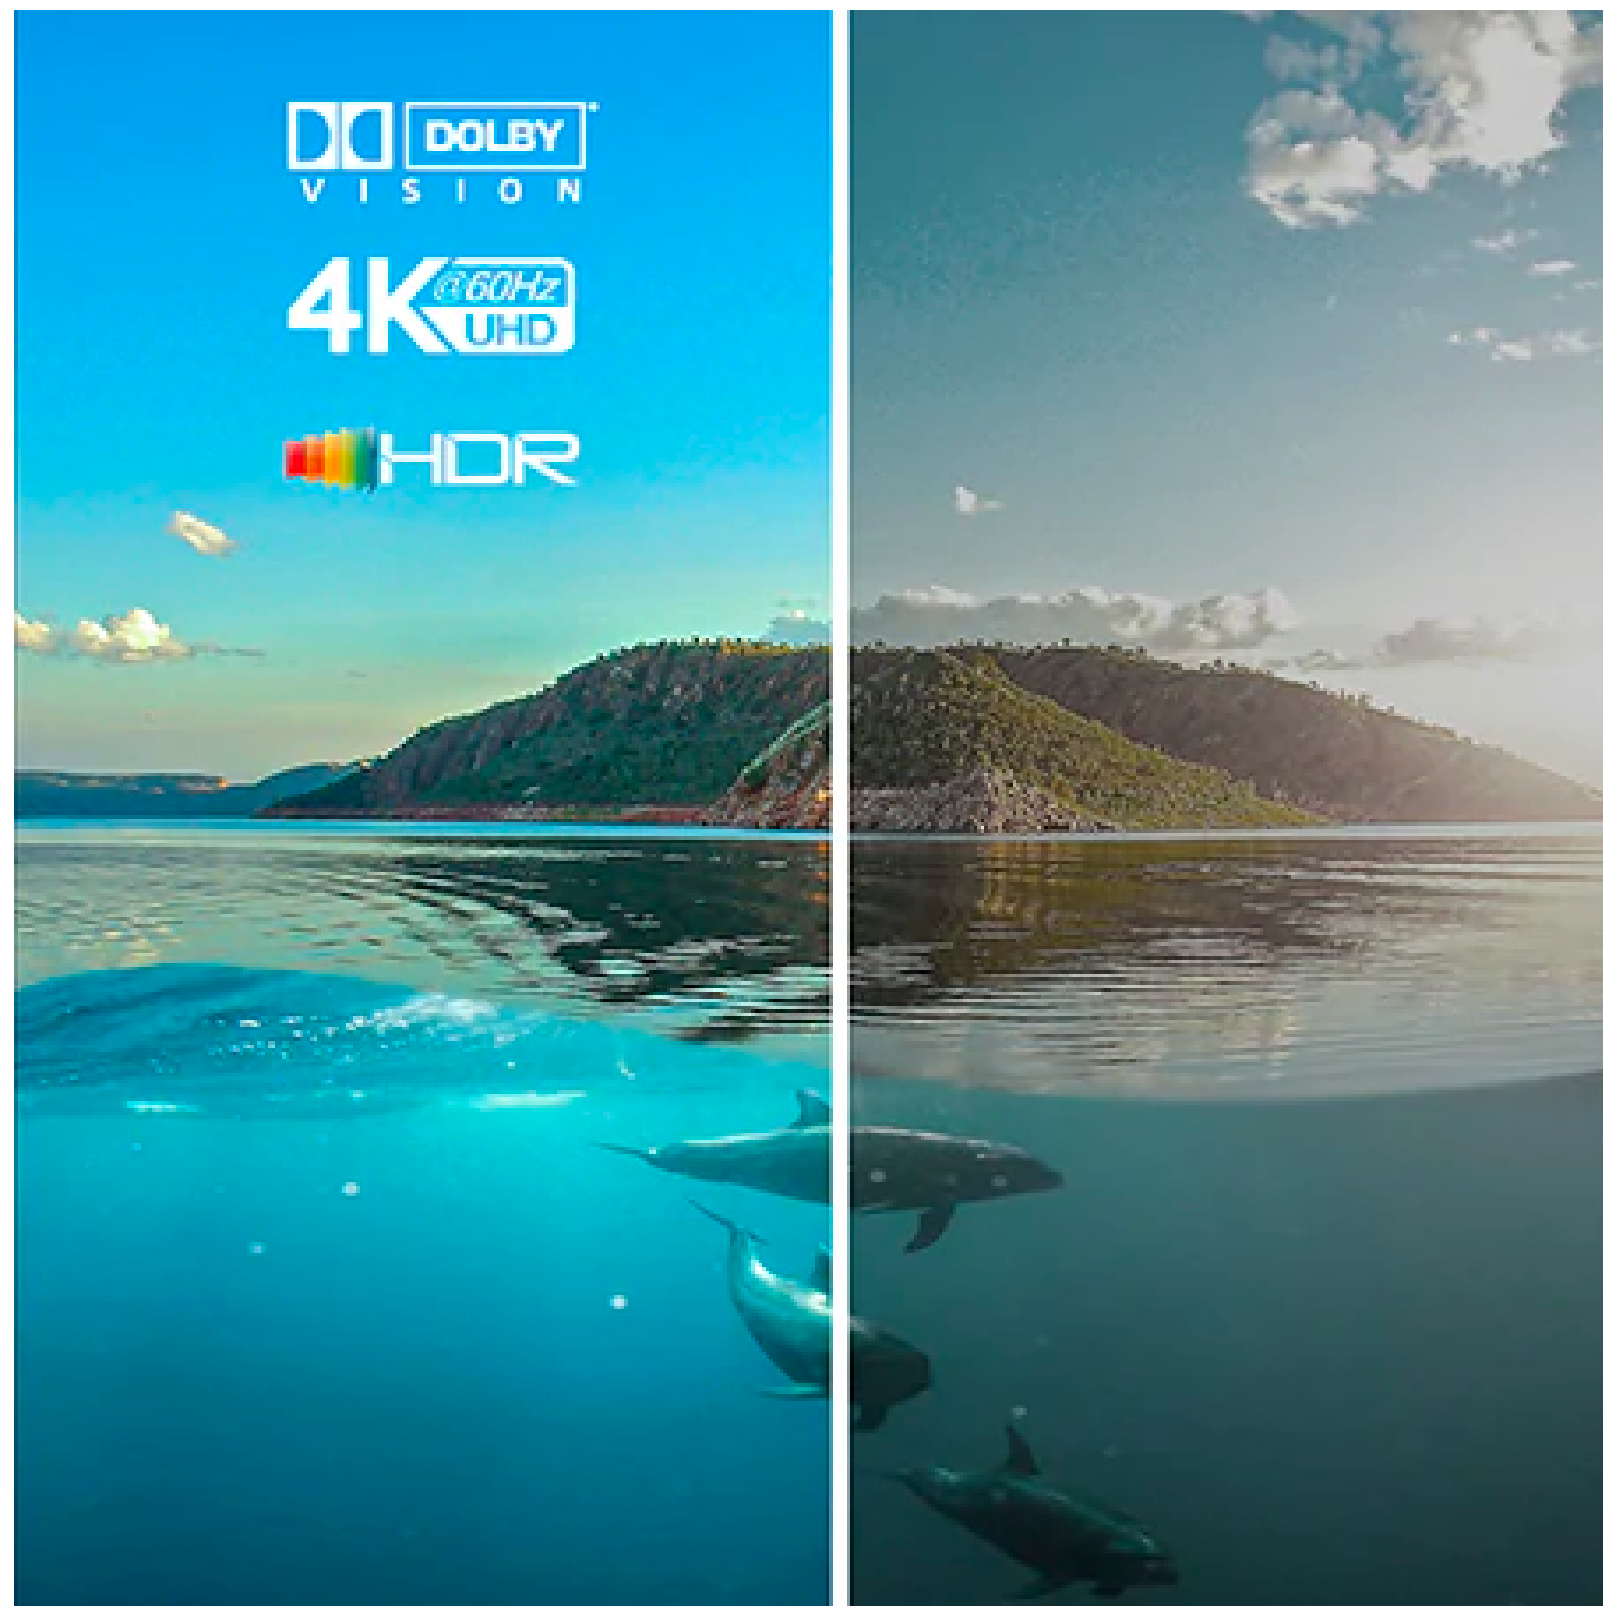

Premium Pack (Silicone lightstrip)

Features

Upgraded model - HDMI 2.0

Seamless sync experience with sync box, support high quality video: 4K/60Hz. Supports Dolby Vision & HDR 10 (Saturation inferior to SDR mode).

Black bar auto refill

Our equip with auto refill function, automatically compensate the light for the black side of the movie, giving you the perfect home theater atmosphere.

App control

Except for sync mode, multiple scene modes present in APP, 12 scene modes and 3 music modes.

Voice Control

Control our box through Amazon Alexa and Google Assistant, expand your smart home.

Maximum Compatibility

No calibration, no bridge, just pair it with any HDMI devices, Apple TV, Amazon Fire Stick, Xbox, PlayStation, Mac transform your living room into a theatrical piece of art.

Softening Algorithms

We set 3 sync speed to make sure when the onscreen content changes even rapidly, the lights will sync the colors and effects in a way that's is eyes-friendly.
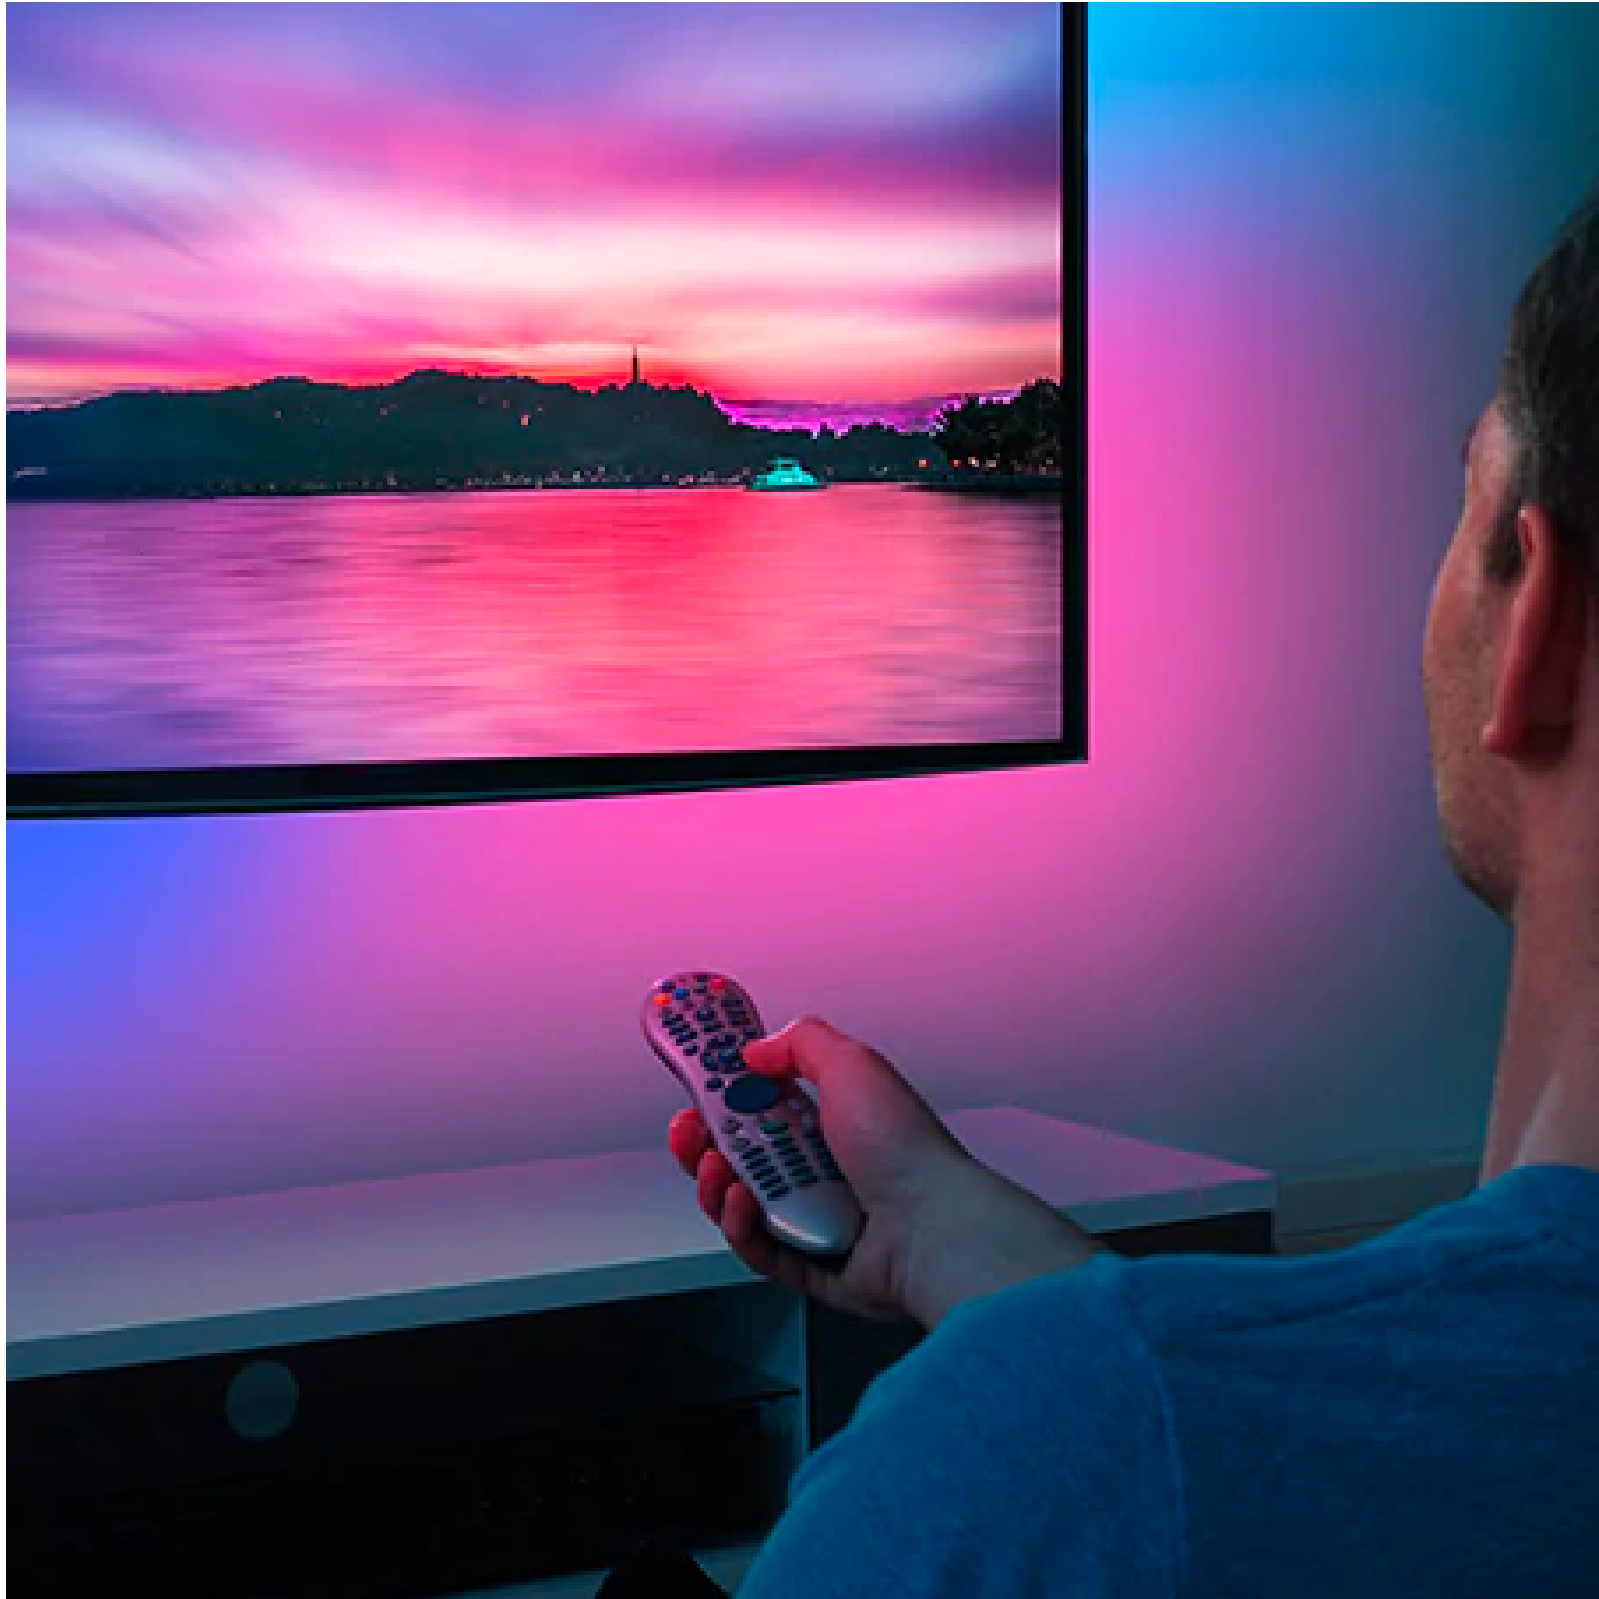

Fit All Screen Size

The light strip is cuttable design, make it easy to attach to the back of screen in any size. Our box will auto calibrate the light strips.

Vibrant Color Reproduction

We can process up to 500 pixel dot and apply them to lightstrip with ARGB LED, to ensure vibrant color reproduction in sync mode.
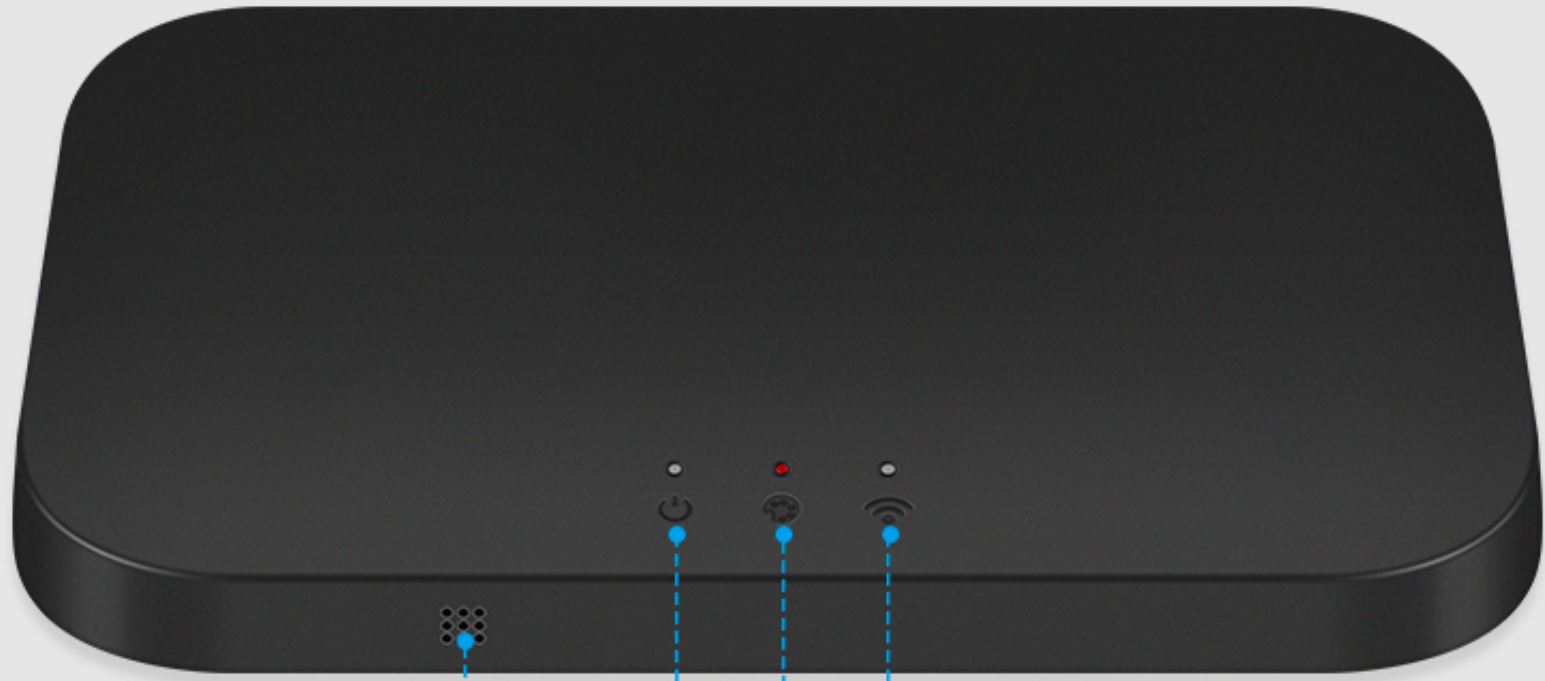

CEC Enabled

Consumer Electronics Control (CEC) Feature. Use only one remote controller to turn on/off TV, Our box and other HDMI connected devices.

Endless Possibilities

Connect to a huge range of devices via HDMI. Works with Apple TV, Xbox, PlayStation and Mac & Windows and many more. Just plug in and play.
